Permit approved by Public Works Manager or Street Foreman on _____, 20 ____

Public Works Manager or Street Foreman

I, the applicant, understand the following: that all street repairs must be made within five days, and to the specifications of, and subsequent approval by the Public Works Manager, and after such approval, the \$800.00 security deposit will be returned to me. I further understand that in the event all repairs are not made within five days, or in the event the repairs are not made to city specifications, city personnel will make the necessary repairs, and the \$800.00 security deposit will not be returned. I further understand that in some instances it is possible that the security deposit may not cover the entire costs of street excavation and repairs. In the event costs exceed the \$800.00 base fee, a bill will be mailed to the permit applicant for the remaining balance. The bill must be paid within 30 days of the billing date, or current utilities will be subject to termination.
