Tom Caldwell is a member of the City of Anna Staff as well as a certified arborist. Tom recently took a class through the Illinois Department of Natural Resources for Cemetery Preservation Training. Tom Stated that there are parts of the cemetery, specifically the old section, that are in very rough shape and will need repairs very soon. The problem that the city runs into is that the headstones belong to next of kin which are very difficult to get ahold of for the older headstones. Tom shared with the council that running a notice in the paper to try to get ahold of the families would allow the city to be able to go in and make these repairs.

City Administrator Dori Bigler gave updates on the following: (1) The Annabelle Festival Disc Golf Tournament last weekend had 52 players from 3 states. John Wingate said it was very well attended. (2) Just Chill was inquiring on how the council would feel about a new set up for the 2023 season, which would include a second location. Just Chill wants to propose bringing their mobile food truck and having it on the field, and having both locations open all season. (3) Administrator Bigler handed out a revenue report for FY20, FY21 and FY22. She pointed out that the MCROT revenue has been declining since May 2021, which is the same time period that Thrive in Metropolis opened its doors. Revenue dropped over 50% since this. (4) Administrator Bigler handed out a property report, showing lots owned by the city which are vacant, lots owned by the city which need to be demolished, lots that the city has demolition orders on, and public nuisance

properties and their status in court. Administrator Bigler asked for feedback from the council on declaring a surplus on the vacant lots and getting rid of them, getting bids for demolition on the properties that could be demolished, and prioritizing the demolition project funds for the year. (5) The downed streetlight at Main & Davie came in yesterday, the railroad sign shopped from Michigan yesterday. We anticipate it will be fixed soon. Commissioner Miller also had concern about the dimensions listed on the ordinance stating that some yards within the city are not that big and cannot meet the criteria listed for a burn. His concern was on the 20 ft from property line and 50 ft from the structure requirements. It was then pointed out that recreational fires and bonfires had different criteria and were completely separate with the dimensions required, both requirements aren't for recreational fires. Commissioner Miller asked again what the requirement is for

a recreational fire and distance from a structure. It was pointed out that the distance from a structure was for bonfires, there is no requirement for recreational fires. Commissioner Bigler asked Chief Dammerman how often the Fire Department gets calls for burns.
